SUMMARY

Information Technology graduate with experience in full-stack web development and IT support. Proven ability to lead technical teams, demonstrated by the successful launch of the 'iVet' capstone platform. Skilled in backend integration, UI/UX design, and digital content management. Passionate about Web3 technologies and seeking an entry-level software development or IT analyst role.

WORK EXPERIENCE

Academy of East Asia

Orani, Bataan

On the Job Training

Aug 2022 - Sep 2022

- Captured and edited 500+ student ID photos, ensuring accuracy and quality for official documentation.
- Diagnosed and repaired 200+ malfunctioning computers, demonstrating problem-solving skills and technical proficiency.
- Produced high-resolution marketing assets using Adobe Photoshop, adhering to strict brand identity guidelines.
- Resolved hardware and software tickets for faculty, reducing technical downtime during instructional hours.
- Collaborated with event organizers to set up multimedia equipment, ensuring seamless execution of presentations and performances.
- Demonstrated strong interpersonal skills and professionalism while interacting with students, faculty, and staff members.

PROJECT EXPERIENCE

iVet

Capstone Project

Lead of Project, Web Developer, Web Design

Oct 2023 - May 2024

- Led a team of 4 developers, utilizing Git for version control and ensuring 100% on-time deployment.
- Architected the backend architecture using PHP, integrating the Google Maps API to enable real-time clinic location tracking for users.
- Contributed to frontend development, enhancing user interface design and functionality.
- Orchestrated the deployment of the web application to Hostinger, ensuring 99.9% uptime during the launch.
- Created and maintained project diagrams to illustrate system architecture and workflow.

LEADERSHIP EXPERIENCE

Filipino Web3

Philippines

Social Media Manager, Graphic Designer, Web Developer

Aug 2023 - Present

- Developed and designed graphics for social media posts, enhancing brand visibility and engagement.
- Scheduled and managed content postings across Meta platforms to optimize audience reach and interaction.
- Updated and modified website content to improve user experience and ensure brand consistency.
- Grew social media engagement by 20% through data-driven content scheduling across Meta platforms.
